LINDQVIST RACING

LINDQVIST RACING

INITIATIV - DEVELOPMENT - RESULTS

Sebastian Lindqvist

Is born in 2009, he has been racing RC cars in the 1/10 Buggy class since mid-2023, but has been fully committed since 2024.

Sebastian has made tremendous strides in his short career so far and aims to develop even further.
He has earned praise from top Swedish drivers for his immense potential and a bright future in the sport.

The focus for 2026 was on competing in major events such as the National Championship (RM), Sweden Cup, Nordic Championship in Norway, and Europe's largest race in Daun, Germany. The 2026 season marked a major step forward and his breakthrough, featuring multiple top finishes in national competitions, strong results in the Nordic Championship, a bronze medal in the Swedish National Championship, and several A-main appearances at Swedish National Series.

Sebastian's strength lies in his determination, he commits 110% to what he enjoys. He leaves nothing to chance, preferring instead to test, practice, seek information, and get help to improve his skills.

In 2027 the focus will be on even more training and working harder to shave off tenths of a second and maintain his position at the top.

The 2027 race calendar will include
EOS in Daun Germany,
the European Championship in Bergen,
the Nordic Championship, the Swedish National Series, and various national competitions.

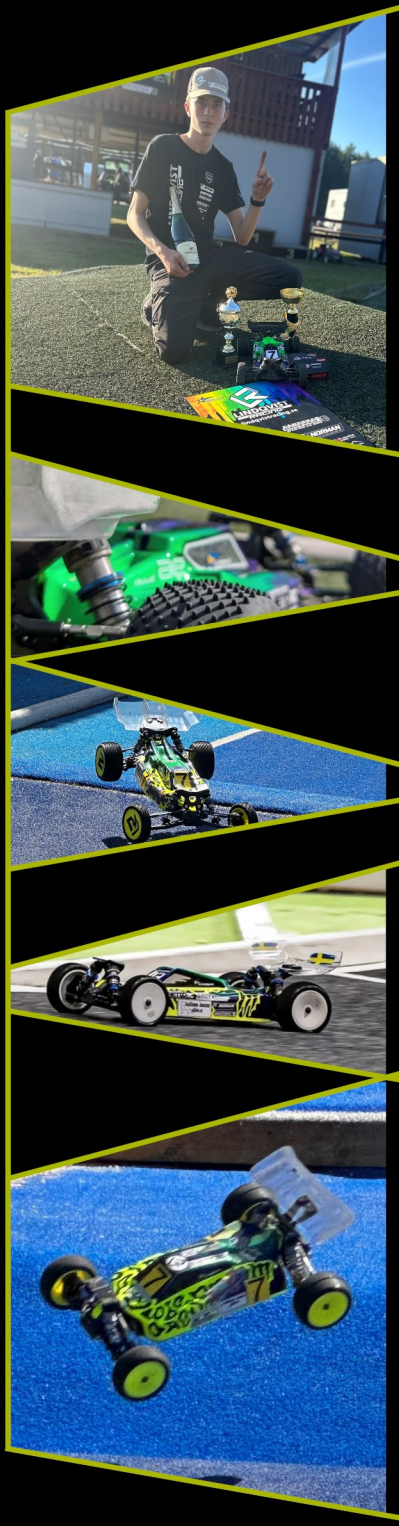
GROWING BRAND
STRONG ENGAMENT AND HIGH UPDATE FREQUENSY



I´M PUSHING EVEN HARDER 2027 - ARE YOU WITH ME?

Since I'll be competing in the 2027 World and European Championships, as well as events across the Nordic region and Sweden, my budget will increase. I'll also be training much more, which means increased wear and tear on the tires and the car, requiring more extensive maintenance throughout the season.
I'm doing all this to develop and move even closer to the top,

You'll want to be part of that journey, right?

Sponsorship Packages 2027

Main Partners

Prominent exposure on our social media channels, clearly highlighting your status as a main partner. Your logo clearly displayed on team apparel, banners, and wherever possible on the cars. I will visit your company to introduce myself, showcase the cars, and provide information about the sport.
Your logo featured on our website, with a link to your own site.
You will also have the opportunity to try out the sport firsthand at a race track during the season, and receive a VIP invitation to attend a race and experience the action up close.

Platinum

Extensive exposure on our social media channels. Your logo featured on team apparel, our banner, and our website complete with a link to your own site.
I will visit your company to introduce myself, showcase the cars, and provide information about the sport. You will also receive a VIP invitation to attend a race, giving you the chance to experience the action up close.

Gold

Exposure on our social media channels.
Your logo on our banner and on our website, with a link to your own website.

Competition sponsor

You become the main sponsor of a competition of your choice.
You receive significant exposure on our social media channels before, during, and after the event. You will also receive a VIP invitation to the competition, allowing you to experience the event up close.

Doesn't this sound interesting?

WHY SHOULD YOU JOIN THE JOURNEY?

Imagine getting the chance, at some point in your life, to do something that makes you feel afterwards: Now THAT was a smart move!

I can offer that!!

It might seem bold to claim to be the best at something, but I'm going to stick my neck out and say it!
I am the best in RC (and perhaps in motorsport) at promoting our partners and the products I use.
I work incredibly hard on social media throughout the season, with posts reaching over 10,000 views.
At races, I have my own banners, roll-up displays, tents, team gear, and even giveaways!
NO ONE else operates at the level I do within the RC sport.

Sure, it might sound bold, but it's the truth!

NOW is your chance to gain visibility alongside me as we embark on a journey together in the world of RC!
